Making language fun.

The Academy of Foreign Languages is offering foreign language classes for preschoolers. Playing games in a total immersion setting makes our unique program fun and effective. You and your child will learn the proper pronunciation of foreign words without the distraction of seeing it written. This talent will enrich the rest of your child's life in school, business and travel. Having you participating it makes it easier to practice with your child during the week. Don't you wish you had had the opportunity to learn a language at their age? Sign up today.
